TECHTALK

@ INTERMICH #4

ขับเคลื่อน NEW NORMAL INDUSTRY ด้วย TECHNOLOGY 4.0

📅 24 มิถุนายน 2564 🕒 13.30 - 16.00 น.

Organised by:  Thai-German Institute
สถาบันไทย-เยอรมัน 
Brought to you by:  Sponsor by: 

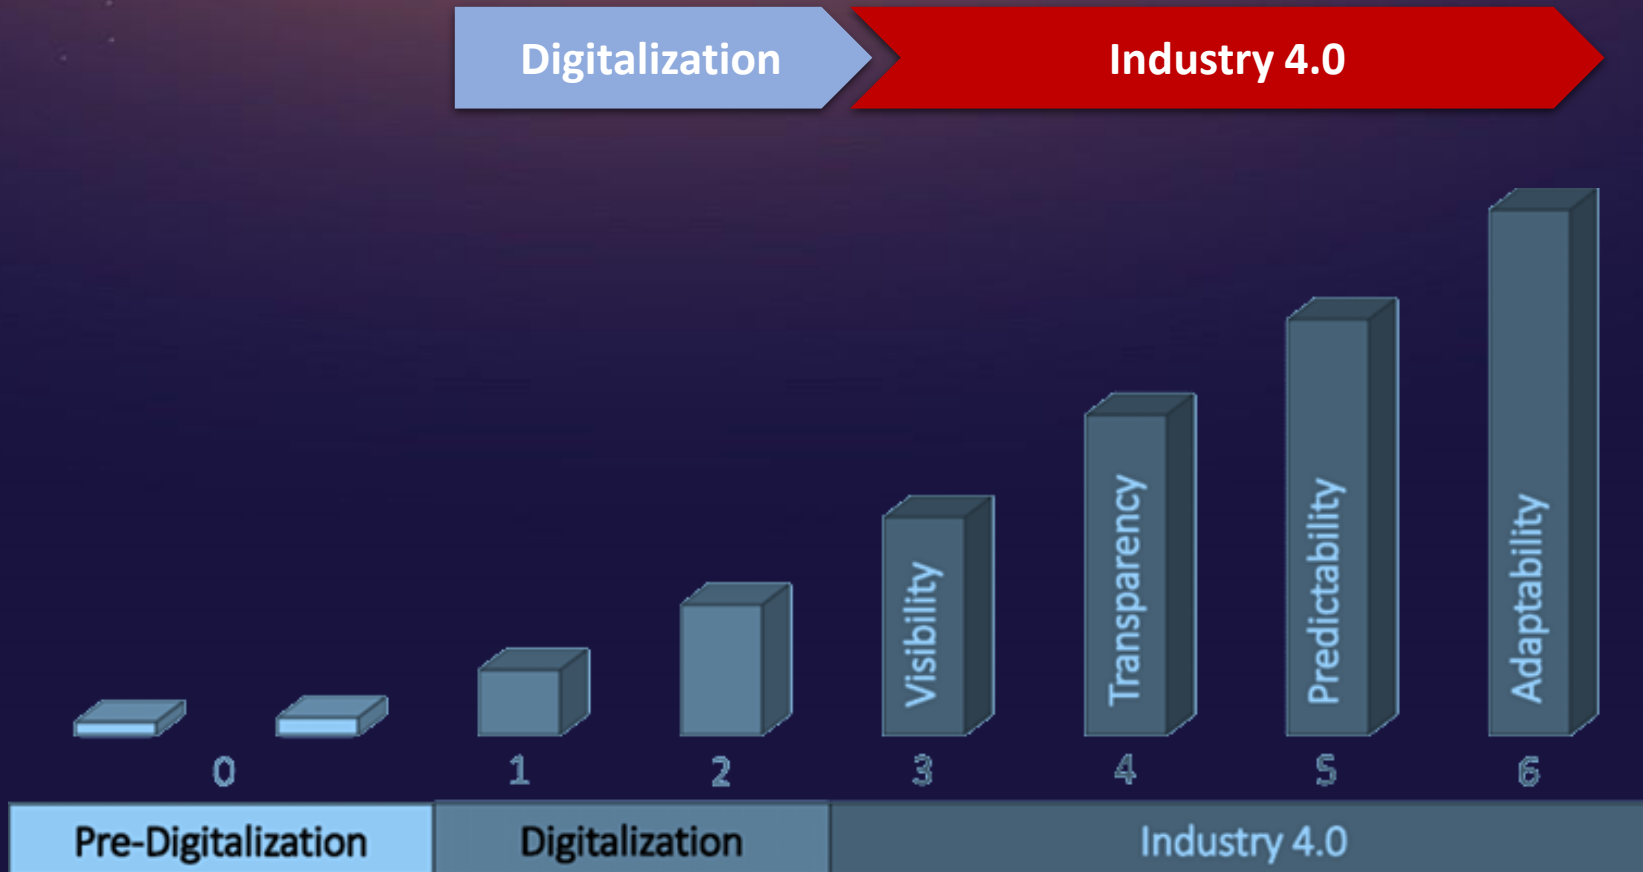

TRAINING COURSE IN INDUSTRY 4.0

The collaborative course from
SIIT X NECTEC X TGI

Supported by:

Industry 4.0 Maturity Index

COURSE : GROUP 1

We provide 5 classroom courses to improve your skill.

- Available on weekdays
- Estimated Person per class not over than 30 persons

Course Level

Level 3 : Visibility

Level 5 : Predictive capacity

Level 6 : Adaptability (Optimization)

1

Enterprise
Resource Planning
(ERP)

2

Get Insights from
Interactive
Dashboard by
Power Bi

3

Data Visualization

4

Applied Business
Analytics and
Optimization for
Decision Making

5

Artificial
Intelligence for
Industry

COURSE : GROUP 2

We provide the classroom courses for improving your communication skill.

- Available on weekdays
- Estimated Person per class not over than 20 persons

Course Level

Level 2 : Connectivity

1

Various Communication Formats and Data Management in Industry 4.0

COURSE : GROUP 3

We provide 12 classroom courses to improve your skill.

Available on weekdays

1

CC-Link & CC-Link IE
Communication
Technology via PLC

2

IoT Technologies
Apply for Smart
Factory

3

Industrial Network

4

To optimize the production line
model for productivity Improvement
by Plant Simulation

Course Level

Level 1 : Computerization

Level 2 : Connectivity

Level 3 : Visibility

Level 4 : Transparency

COURSE : GROUP 3

We provide 12 classroom courses to improve your skill.

Available on weekdays

Course Level

Level 1 : Computerization

Level 2 : Connectivity

Level 3 : Visibility

Level 4 : Transparency

5

Touch Screen (Mitsubishi)
for Monitor & Operate by
PLC Mitsubishi

6

Visual Basic & Database
Programming interface to
Barcode, QR Code Detector

7

WinCC (SCADA) for
Production Process

8

PLC (Mitsubishi) GX-
Work2 Programming
Advanced Level

COURSE : GROUP 3

We provide 12 classroom courses to improve your skill.

Available on weekdays

Course Level

- Level 1 : Computerization
- Level 2 : Connectivity
- Level 3 : Visibility
- Level 4 : Transparency

9

PLC(Mitsubishi) GX-
Work2 Programming
Basic Level

10

Profinet & Industrial
Ethernet with PLC S7

11

PLC (Siemens)-S7
Programming
Intermediate Level

12

PLC (Siemens) – S7
Programming Basic
Level
